Training and Research Laboratory of Inclusive Education

Together with the Dara charity foundation, a teaching and research laboratory for inclusive education was opened at the University of KazNPU

Purpose

Organizing and conducting research in the field of inclusive and special education, using laboratory resources in teaching students and training teachers.

Tasks

Implementation of research activities in the field of inclusive and special education

Involving teachers, students, undergraduates, doctoral students in research work

Organization of dual education of students in their specialty "Special pedagogy"

Development of cooperation with institutions of general and special education

THE LABORATORY CONSISTS OF 5 ZONES

Sign language teaching

Typhlopedagogics

Oligophrenopedagogics

Speech therapy

Based on diagnostic and correctional-developmental work

Meeting of the director of the RGU “National Scientific and Practical Center for the Development of Special and Inclusive Education” of the Ministry of Education of the Republic of Kazakhstan Kuderinova Aikerim with students of Abai University.

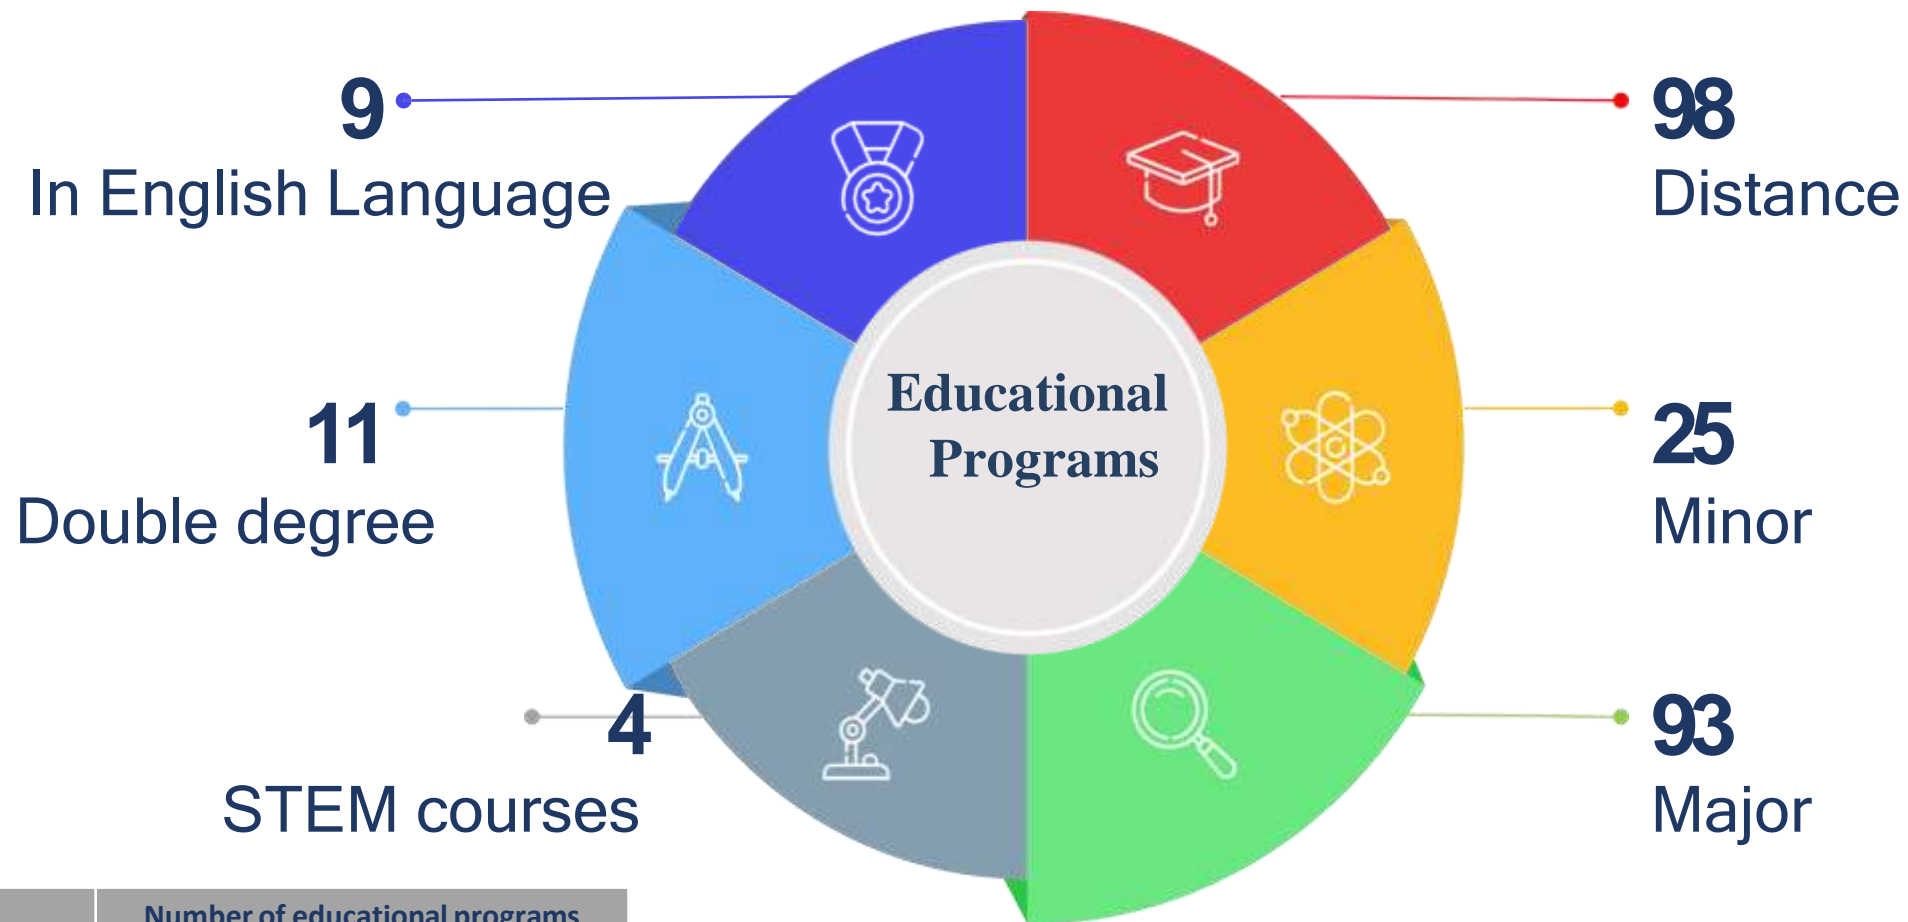

The purpose of the meeting is to explain changes in the field of pedagogy in the country, exchange the intricacies of a sought-after profession, and focus on future teachers

The importance of inclusive education in education and government initiatives to ensuring accessibility of education for persons with disabilities.
Providing schools with highly professional specialists to teach children with special educational needs.

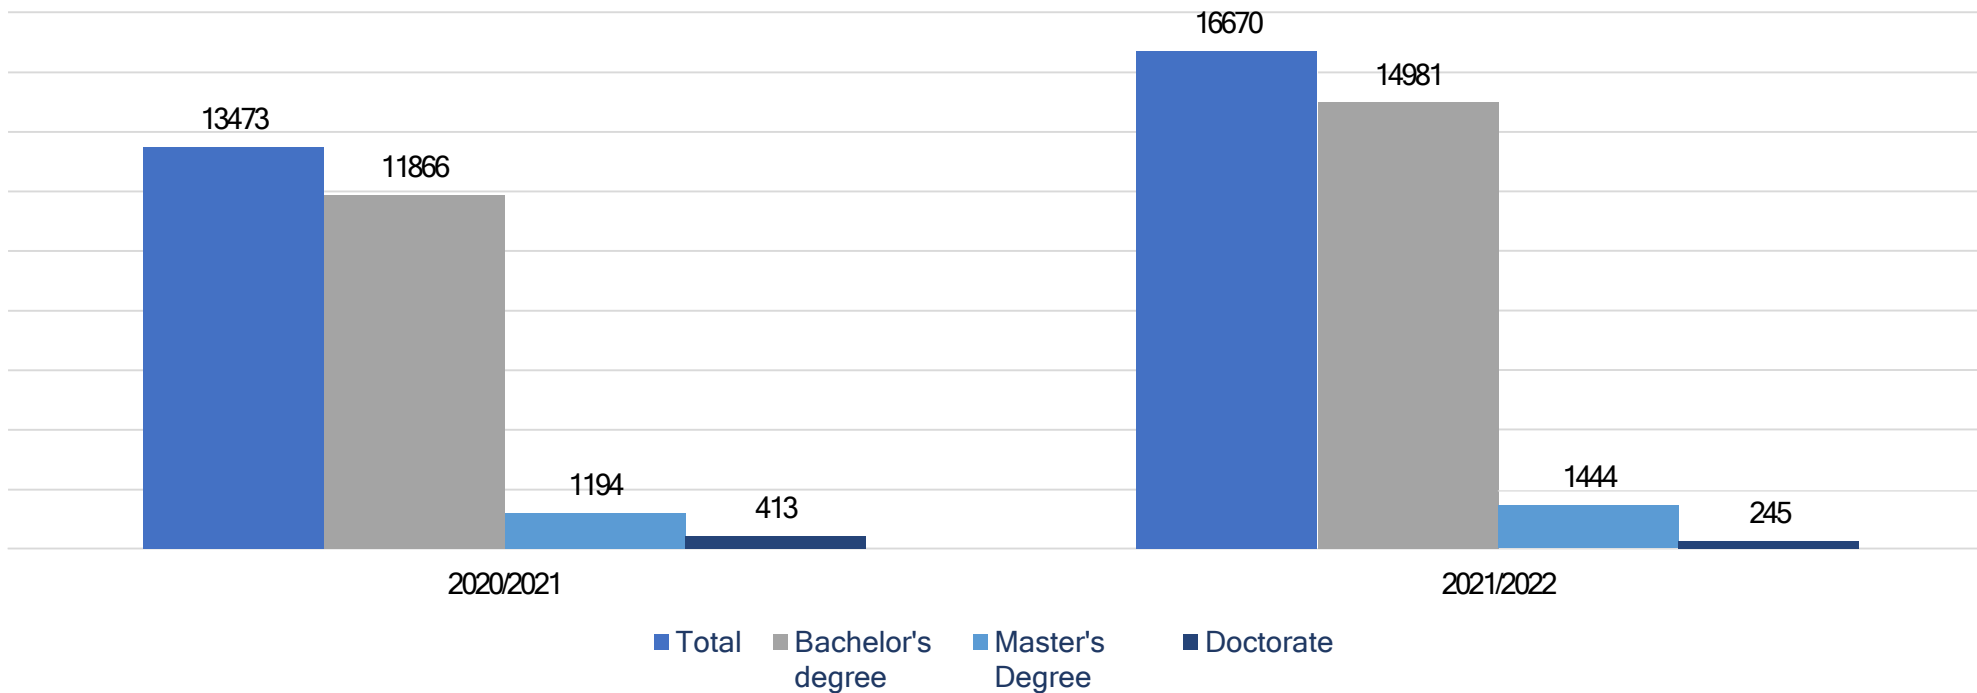

Development of cooperation with institutions of general and special education

Aikerim Kuderinova told students in detail about the features and possibilities of inclusive education
